**Subject:** V C Summer Plant; take your time to resolve the challenges; I want my money back.

Greetings,

I concur with the thought that SC should take its time resolve the V C Summer Nuclear Plant cancellation. In my view both the Legislature, the Governor's Office, Public Utility Commission, and the Courts all have a role to play in sorting out the challenge of the canceled plant. Let all the negotiations occur in the public eye.

My requests:

- I want back all the money I already paid into the cancelled plant as a rate payer; and,
- I do not want to pay in the future to support the cancelled plant.

The cancelled plant is NEITHER USED NOR USEFUL AND SHOULD NOT BE IN THE RATE BASE.

I have no problem with SCANA going bankrupt. The stockholders of SCANA should suffer, not the rate payers of South Carolina. Buyers for reorganized (restructured) SCANA and for Santee Cooper will always be there in the future.

Thank you.

Regards,

Michael Hajny
